

Archangel Raziel

Beloved and respected Archangel Raziel,

Thank you for helping me to heal away any fears from previous lifetimes so that I may focus clearly upon my present-day Divine life mission.

Thank you for imparting me with esoteric wisdom, especially with a healing intention.

Thank you for helping me to recall all of the lessons that my soul has accumulated over time and condense these into usable energy for my present life's mission.

Thank you for assisting in my healing from painful memories and past traumas so that all the created fears of moving forward with regard to my life mission are dissolved.

Thank you for helping me to dissolve and undo any troublesome vows I may have made in previous lifetimes, such as those of poverty, self-sacrifice or chastity.

I love you and thank you with heartfelt gratitude and joy.
