

Archangel Gabriel

Beloved and respected Archangel Gabriel,

Thank you for helping me parent my beloved child and watching over me and my little one, ensuring our health and happiness.

Thank you for assisting me in the divine feminine situations of pregnancy, birth, conceptions, adoptions, communication and the raising of children.

Thank you for guiding all earthly messengers like me and others who are teachers, counselors, writers, artists and actors.

Thank for opening the doors of opportunity for me to work in my chosen career and giving me a loving push through it during my periods of hesitation and resistance.

I love you and thank you with heartfelt gratitude and joy.
